

6-9136

WITH A GREAT BIG FIVE—Y-12 Plant Superintendent John P. Murray, right, bright and early on the morning of Friday, May 23, "posted" a Safety Scoreboard just a few hours after the Y-12 Plant Area had unofficially achieved its long-sought goal of more than 5,000,000 hours of plant operations without a disabling injury. Safety Department Head Lee Bagwell looks on approvingly from the left.

June 30 Is Deadline For Disabled To Apply For Freeze Or Payments If More Than 50

Failure To File By Persons With Prolonged Disabilities May Forfeit Later SS Benefits

Monday, June 30, is a most important date to remember for persons with physical disabilities that prevent them from working.

Many such disabled persons have neglected to apply for Social Security disability provisions. Workers, both men and women, who have been disabled for more than one year have until June 30 to file their applications for a disability freeze or for disability benefits if they are more than 50 years old. Those who have been disabled for a prolonged period and who wait until after June 30 may forfeit their right to disability benefits when they reach 50 years of age, to maximum old age benefits and to benefits for their survivors.

Year Allowed Recent Disabled

There is no deadline for those who file for the disability freeze or benefits within one year from the time they become disabled. The June 30 deadline applies only to those who have been disabled for a prolonged period.

In order to qualify for disability insurance payments at the age of 50, a person must have Social Security credits for five years of work in the 10 years before the established beginning of disability and one and one-half years of work in the three years before the date of disability.

May "Freeze" Earnings Record

If a person is disabled and less than 50 years old, he is not eligible for disability payments, but may be eligible, on application, to have his Social Security earnings record "frozen." Unless the Social Security earnings record is frozen, the period during which he is disabled and has little or no earnings can reduce the amount of his own and his family's future payments. It may also prevent him from receiving the disability payments when he reaches 50.

If a person is disabled and the disability began before 1957 he will have the full protection of the Social Security law only if he filed an application before June 30.

Any Y-12er or member of his family concerned with this situation may obtain more information on the disability benefits available under Social Security from the Knoxville Social Security Office, 521 Broadway, N. E.

Camera Club To Hear News, TV Picturemen

Weals And Colquitt On Program June 10

An interesting meeting has been scheduled by the Carbide Camera Club for next Tuesday night, June 10, with talks by newspaper and television photographers to feature the program. The meeting will be 7:30 o'clock in the club quarters in the Y-12 East Portal building and all Y-12ers interested in amateur photography are invited to attend.

Vic Weals, columnist for the Knoxville Journal who takes many of his own pictures, will be one of the speakers. Brownie Colquitt, a string photographer for a television network, also is on the program.

There will be no competition at the June meeting next week, but a contest will be held at the July meeting for color slides on "open" subjects.

In the recent salon competition by the Carbide Camera Club the top honors in the color slide class were tied between R. W. Stelzner and J. H. Cherubin. Stelzner also got second prize and Herman Dickerson third. In black and white prints W. M. Jackson took first place, J. J. Zarzecki was second and Dickerson third.

English Scientist To Talk At Physics Seminar Meet

Dr. M. H. L. Pryce, of the University of Bristol, England, and now at Duke University, will speak at a meeting of the seminar of the Physics Division of Oak Ridge National Laboratory on Friday afternoon of this week, June 6. The meeting will be at 3:15 o'clock in the auditorium of Bldg. 4500, ORNL. Dr. Pryce's subject will be "Electron Configurations in Actinide Compounds and Their Bearing on Neutron Orientation." Y-12ers interested in the subject are invited to attend.

MANY TOOLS REQUIRED

A single section of the fuselage of a jet transport airplane required 10,000 production tools in its manufacture.

THREE OF THE NEW OFFICERS of the Northeast Tennessee Section, American Welding Society, installed May 16 at a section dinner meeting at the Waldorf Restaurant, are Y-12ers. From left are H. B. Harlan, Oak Ridge Gaseous Diffusion Plant, treasurer; Clarence Wodtke, Oak Ridge National Laboratory, second vice chairman; T. C. Swindell, Y-12 Mechanical Engineering Department, chairman; Bert Searles, Y-12 Mechanical Inspection Department, first vice chairman; and Harold Payne, of the same department, secretary.

Employees In Y-12 Plant Area Determined To Keep Safety Mark

5,000,000-Hour Record Still Is Growing; Can Become Official At Midnight June 12

With unanimous determination, safety-minded Union Carbide Nuclear Company employees in the Y-12 Plant Area are concentrating on the objective of maintaining the current accident-free record that through the past week end had passed well over the 5,000,000 man-hour mark. Every day that passes with the green lights of safety flashing at each portal, signifying that another 24 hours has passed without a disabling accident, is a milestone toward the present goal of reaching the 10,000,000 figure with no lost time mishaps—and, of course, it is hoped that the entire year of 1958 will not be marred by an injury to any UCNC people in the Y-12 Plant Area.

Just a few more days of the 20-day period remain before the 5,000,000-hour record becomes official. That waiting period is officially required to determine if any disability turns up from an accident incurred before the 5,000,000-hour mark was reached. The 20-day period will expire at midnight, Thursday, June 12.

Freedom From Injury Goal

From the cold standpoint of safety statistics, the Y-12 Plant Area has far outstripped other UCNC plants, laboratories and mills. Material awards to individuals, plaques and congratulatory letters to the Y-12 Plant and other commendation naturally are gratifying. However, nothing can be more gratifying to the individual Y-12er than continued freedom from injury, pain, concern on the part of relatives and general unhappiness that follows an accident that disables him.

"People are our most important asset—their safety our greatest responsibility," said Union Carbide Corporation President Morse G. Dial in the 1957 annual UCC Safety Report.

Tribute To Responsibility

The Y-12 Plant Area safety record over a period of years, and particularly since December 17, 1958, when the present 22nd Union Carbide Safety Period began, is a distinct tribute to the responsibility shown by Y-12ers on whose shoulders falls the task of endeavoring to preserve the safety mark. This responsibility lies, of course, with supervision, safety committeemen and on down to the individual employee to carry out the principles of safe working habits for the protection of every employee.

The 22nd UCC Safety Period is the third in the Y-12 Plant Area of more than 3,000,000 hours of plant operations without a disabling injury — the most of any UCNC installation. That 3,000,000 mark became official back on March 20. The next longest UCNC period was established by the Paducah, Ky., plant which worked for 3,570,307 hours without a lost time accident from June 30, 1955 through June 14, 1956. The Oak Ridge National Laboratory has the third best record of 3,517,191 hours from February 13, 1954, through October 22, 1954. The Oak Ridge Gaseous Diffusion Plant had a string of 3,423,557 accident-free hours from August 11, 1956, through December 8, 1956.

Two Other Long Periods Set

The other two long periods of accident-free hours in Y-12 were the 21st UCC Safety Period from June 13, 1957 through October 25, 1957 for 3,132,039 hours and the Ninth UCC Period set up back in 1953 when 1,126,787 hours were

Bissell Will Preside At Hall Dedication

Nashville Mayor Main Speaker On June 20

A Y-12er long associated with civic affairs in Oak Ridge will preside at the dedication ceremony for the new Oak Ridge Municipal Building, Friday, June 20. He is A. K. Bissell, of the Y-12 SS Control Department and chairman of the Oak Ridge Town Council. Mayor Ben West, of Nashville will be the principal speaker on the dedication program.

A. K. Bissell

Chairman Bissell has been a Y-12er since July 1, 1943. He has been active in church, youth organizations and civic groups since coming to the city. He is married and is the father of three daughters and one son. He has been a member of the Town Council for nearly two years and chairman for most of that time.

The dedication program for the new Municipal Building on South Tulane Ave. will be at 2 p.m. It will be followed by an "open house" inspection, free to the public, of the handsome new structure. Building Cost \$510,000

The Municipal Building was built by the Atomic Energy Commission at a cost of approximately \$510,000. The one-story building is 282 by 100 feet of modern design. When Oak Ridge becomes an incorporated city the building will be donated to the city along with other municipal facilities.

The dedication program will be sponsored by the Town Council in cooperation with the AEC. In addition to the Mayor of Nashville and Chairman Bissell, others participating in the program will include Mrs. Dana Nance, vice chairman of the Council; C. C. Brill, Council committee chairman for the affair; S. R. Sapirie, Manager, Oak Ridge Operations, AEC;

A CHILLY SPELL not so long ago brought about some strange bed-fellows. Evelyn Crouse, Engineering Records, snapped this unusual picture of two kittens and a small chicken sleeping together to win first place in the Y-12 Weekly Photographic Contest for the week ending May 30. It was the only entry of the week.

Three Y-12 Secretaries Join Ridge NSA Chapter

Three Y-12 secretaries were among the ten new members recently initiated into the Oak Ridge Chapter of the National Secretaries Association. They are Mary Cusman, secretary to Roger F. Hibbs, Process Division Superintendent; Barbara Wantland, secretary to J. Clyde Bowles, Superintendent of the Mechanical Inspection Department; and Bobbie Griffin, secretary to John Reece, Process Department Superintendent.

At the meeting on May 12 new officers were installed by the capter. They are Margaret Albritton, president; Cora Kirby, vice president; Jewell Hayes, corresponding secretary; Edena Thirloway, recording secretary and Mabel Wilson, treasurer.

Jolly June Is Month Of Brides, Anniversaries Of Important Events And Interesting 'Days'

The jolly month of June now is on the front of every calendar—a month with several interesting "days," and anniversaries and the month of brides and the beginning of summer. Schools are out—vacations are in full swing and Old Sol will be beaming brightly, and warmly, on the nation.

However, back on June 6, 1816, New England was blanketed by 10 inches of snow to begin a "no summer" season in the Northeast. Then, on June 11, 1939, the King and Queen of Great Britain discovered that great American institution—the succulent "hot dog," being introduced to the gastronomical tidbit by none other than

President Franklin Roosevelt at a Hyde Park, N.Y., picnic.

A significant date in World War II was June 15, 1944, when American troops invaded Saipan in the Marianna Islands of the Pacific to take another far step back against the Japanese.

Another important date in his-

tory was June 21, 1778, when the United States constitution went into effect as the legislature of the state of New Hampshire ratified the document. A great stride forward in aviation was taken on June 28, 1939 when the first regular trans-Atlantic air service got under way between New York and Lisbon, Portugal.

There are two important "days" for remembrance in June—coming right together. On June 14 the nation will observe Flag Day. June 15, Father's Day will provide opportunity to honor Dear Old Dad appropriately.

June always has been a popular month for weddings and many customs have become traditional at such functions. For instance, when a bride wears a floor-length wedding gown and veil, the groom should wear formal clothes and not a business suit. Although the bride almost never deviates from a choice of white gloves, both bridesmaids and wedding guests may wear gloves of any color that harmonizes with their costumes. At informal weddings, however, a bride may select afternoon clothes rather than a formal wedding dress—selecting any suitable color except black.

If a luncheon follows a wedding ceremony, men guests should wear dark suits, shoes and hose with white or light gray shirts.

The groom should always stand beside his bride as she cuts the wedding cake. Whether he stands to her right or left depends on whether she is right or left-handed. The important factor is that she be able to wield the knife gracefully.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 or 10 years of Company Service within the next few days:

15 YEARS

R. Delmer Williams, Chemical, June 8.

10 YEARS

John O. Norman, Property Sales, June 4.

Martha L. Parks, Plant Records, June 7.

Dean H. Reed, Product Processing, June 9.

Dorothy H. Connor, Plant Records, June 9.

Charles M. McAmis, General Machine Shop, June 10.

in Detroit and Sylvia Smith at home in Lake City.

Special Projects Reporter Jeri Kobisk says the gang has been working with a skeleton crew now that warm weather is here—or near (maybe they just LOOK that way). . . Come measles, flood or famine, the Harold Williams family are Florida-bound to rattle their aching bones in the sun. . . "Louie" Anfinson is spending the spring vacation freezing—strawberries. . . George Lockhart is getting some golf practice while vacationing before heading for home to enjoy his new air conditioner—if he ever gets around to putting it in. . . "Buck" Buckminster spent a week at home clipping hedges and then headed for Saint Looney. . . Helen Stone week ended in Kentucky to view the beautiful scenery and the horse farms. . . Speaking of horses—Don Woodridge sure wished he had one recently in New Mexico when the airplane on which he was riding made a forced landing with a sputtering and smoking motor; but he settled for a nice, safe old bus to reach his destination. . . No vacation for George McGown—he's installing pretty pine paneling in his home. . . Frank Ballenger isn't playing much tennis these days as he is helping the big preparations for

Anderson Funeral Tuesday Attended By Y-12 Friends

Several fellow employees and Y-12 friends attended last rites for William Joe Anderson, 48, Tuesday, June 3. He was a stock-keeper in the Stores Department and was fatally injured last Friday afternoon when thrown by a mule at his home near Heiskell. The former Y-12er died at Oak Ridge Hospital Saturday night.

Surviving are his widow, Mrs. Mary Cooper Anderson; a son, Steve; brother, James, all of Heiskell; also brothers Harvey, Nashville; John, living in Mississippi; and Clifford, Kingsport. Funeral services were held at the Calvary Baptist Church and the Powell Masonic Lodge, of which the former Y-12er was a member, conducted graveside rites.

Jaywalking was costly in the U.S. last year—2,600 were killed.

VACATION

—it consists of 2 weeks
—which are 2 short
after which you're 2 tired
—2 return
—2 work
—and 2 broke
—not 2!

TECHNICAL

Bob Lassiter, Mechanical Engineering, and the missus are visiting in Murray, Ky. . . The L. L. Browns and pop-in-law are vacationing in St. Augustine and Daytona Beach in the Sunshine State. . . Another beach walker in Daytona is Oscar Smith.

The heartfelt sympathy of Contract Administration Engineering is extended R. R. Fowler, whose father died recently. . . Also to the M. L. Taylors on the recent death of her father. . . Fran Willie enjoyed a visit with her parents in Mayfield, Ky., last week. . . M. C. "Red" Wiest has joined the ranks of home builders—and sez "It's quite an experience."

Little Robin Earley, daughter of E. L. Earley, Electrical Engineering, is intriguing the youngsters of her neighborhood with that plaster cast she is wearing following a school accident in which she broke her arm.

Industrial Engineering is congratulating a pair of new Pops. . . L. A. McKenzie is tickled blue with his first son, Bryan. . . Roy Byrd is just as happy with his fourth son, Zachary King. . . Barbara Roberts is vacationing at home for two weeks catching up with her sewing. . . The Nelson Douglass family is down in Mississippi visiting kin folks. . . Condolences are extended the Bob Orrisons in the recent death of Mrs. Orrison's mother.

The Stork really is getting around in the Engineering Division. . . The most recent Pop is Jack Foresman who received delivery via the big bird of a son recently, weighing eight pounds, 11 ounces—the parents hadn't decided on a

name at press time.

R. E. Hulme, Process Engineering, enjoyed a voyage to Nassau last week. . . The K. D. Cooks, both red heads, already had a lovely red-headed daughter and recently welcomed a son, David, to the clan—another red head.

The Engineering Physics Section of Laboratory Operations reports Harry Corey and family at Daytona Beach. . . Get well wishes go to Carl McMurray in St. Mary's Hospital in Knoxville.

The Analytical Chemistry chapter of the same department sends get well wishes to Jim Rowan—mumps, yet.

From the Metallurgical Development outfit of Laboratory Operations comes word that Eugene Goodwin was a home vacationer last week.

SS Chemical Development extends condolences to Bill Burns, whose mother died May 26 at his home in Kingston. . . Morris Fortenberry and John Ward were home vacationers last week. . . Bill Maxey took off for St. Petersburg. . . Frank DeRose is back from six months of Army duty.

Ernestine Elam, Mechanical Development, is resting up at her Oak Ridge home this week.

Lodean Phillips, Production Assay, is another home vacationer in Oak Ridge.

Thelma Cole, Production Analysis, picked Florida for her resting up place. . . J. W. Charles stayed at home in Clinton. . . Meanwhile, back in Florida, it is C. Chitwood at Daytona Beach. . . John Williams went to Gate City, Va. . . Guy Wells is welcomed back after a long illness. . . Virginia Means and her husband, Evan, Research Services, are vacationing in Key West, Fla., where he's attending the Outdoor Writers convention. . . Mary Gillham week-ended recently in Clifton, Tenn. . . Get well wishes go to the mother of Jean Maupin.

Laboratory Operation Department has Helen Beckner visiting

THE Y-12 "SPRING FLING" DANCE DREW A RECORD CROWD of some 400 guests, all of whom had a rousing time. At left are the three door prize winners. From left are C. E. Pemberton, escort of Miss Janice Childress, Production Control, with the electric frying pan; Mrs. Gladys Reed, whose husband

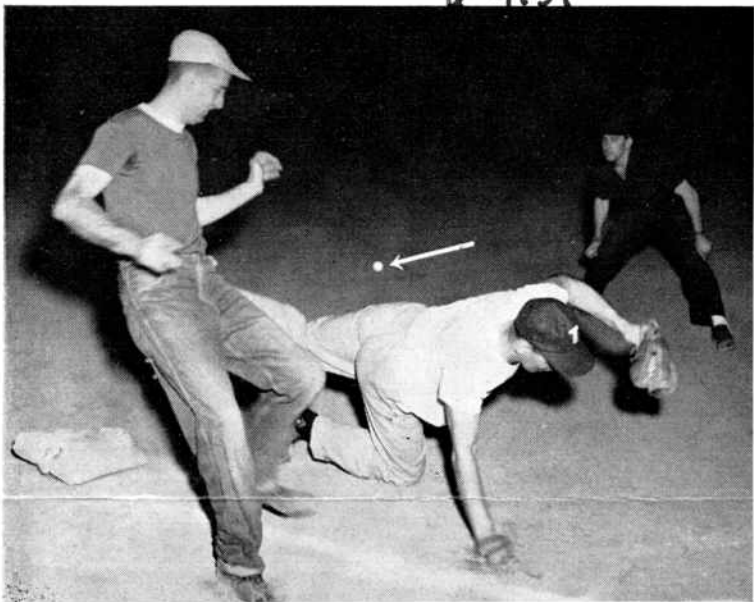

is in the General Machine Shop, with the first prize of a spinning reel; and O. A. Holeman, Sunflower Shop, with the "little brown chest," a fine picnic and outing ice box and food container. The center picture shows some of the big crowd dancing to the music of Papa John Gordy's Dixielander band.

At right a congenial party relaxes between dances. From left are Oscar Blackwell, Superintendent of the Utilities Department; Assistant Y-12 Plant Superintendent George Strasser, Mrs. Blackwell, Mrs. Strasser; Plant Shift Superintendent Dan Rader and Mrs. Rader.

THE LOOP-LEADING REACTORS, of the Y-12 Plant Softball League are shown above. In the front row from left are Bill Dyer, B. G. Roe, C. F. Chandler and Joe Cavosie. In the rear are L. M. Fitzgerald, J. M. Seivers, Jr., J. E. Cheek and A. C. Wright. The bat boy and mascot in front is Larry Wright, son of A. C. Wright.

"HEY, JIGGS, IT WENT THATAWAY," fans yelled at J. M. "Jiggs" Seivers, first baseman of the Reactors team of the Y-12 Plant Softball League as a wild throw got away from him to allow G. M. Cox, of the Slow Pokes, to reach base safely while Seivers bit the dust of Pinewood Park.

Y-12 Fishing Rodeo Judging Slated For Wednesday

The Y-12 Fishing Rodeo that has been underway since March 15 came to a close at midnight last Sunday, June 1. Contestants have until noon today, Wednesday, June 4, to submit their entry blanks to the Recreation Office, Room 226, Bldg. 9704-2. The entries will be judged this afternoon with Avery Kendig, Salvage; Evan Means, Research Services; and W. E. Davis, Security; doing the job.

Valuable merchandise prizes of fishing and camping equipment will be awarded winners in the several different species of fish available for the rodeo contest.

Through last week there had been 31 entry cards turned in for the rodeo.

Schaich-Cain Keep Loop Record Clear

The Schaich-Cain team added four points to their win column in the Deane Hill Golf League for Union Carbide Nuclear Company employees to keep their slate clean. Clyde Bowles, of Y-12, and his partner, Emil Vincens, a former Y-12er now with Oak Ridge National Laboratory, are in third place in the loop. Clarence Johnson, Y-12, and Whitman, ORNL, are fifth and Joe Williams, Y-12; and Cleland, ORNL, were last.

G. W. Keilholtz, ORNL, had low

THIS BLUE CATFISH caught from Watts Bar Lake recently by C. D. Painter, of the Graphite Shop, will be a strong contender for honors in the rough fish division of the Annual Y-12 Fishing Contest. The big fish was taken on a white and black Hadacol fly.

scratch score of 40 with Vincens posting 42. Bowles was low Y-12 scorer with a 43 scratch and Johnson shot 49. Bob Schaich had 41 and his partner 42.

COMMUNICATIONS VALUABLE

It is estimated that American industry now expends \$500,000,000 annually on employee communications. The field includes publications, letters, bulletins and other means of transmitting information.

Reactors Win Four To Keep Record Clean In Y-12 Loop

Whiz Kids Take Two; Birds And C Shift Each Cop One Contest

Following four diamond triumphs last week, the Reactors maintained their undefeated position at the top of the standings in the Y-12 Plant Softball League. Manager Harley Law's laddies licked the Early Birds in a double header by scores of 12 to 4 and 5 to 1, then walloped the Engineers by 23 to 2 and the Slow Pokes by 27 to 3. The Early Birds got a measure of revenge for their twin defeat by edging out a 7 to 6 win over the Cubs. The Whiz Kids whopped the Slow Pokes by 13 to 4, C Shift conked the Engineers by 17 to 3 and then suffered a defeat by the Whiz Kids by 16 to 7.

Early Starts Aid Reactors

In the first game of that twin bill, the Reactors started and finished fast for the 12-4 victory. Bill Dyer homered for the winners and Simmons, Chandler and Dyer each had two safe blows out of their team's total of 12. For the Early Birds Houston blasted a four-bagger and Compton bagged three for three in the second tilt but the winners again got out in front and held the advantage all the way for the 5-1 margin. Against the Slow Pokes the Reactors had no mercy on the opposition pitching, Smith knocking one out of the lot and Seivers, Smith and Hardin each having four for five and Chandler three for three in the 27-3 rout. The leaders wound up the week by slaughtering the Engineers 23 to 2 as Chandler hurled a two-hitter and banged a home run for one of his two hits out of only two official trips to the plate. Cheek also hit a pair. Jiggs Seivers whacked four for four and scored five of the Reactor runs.

The Early Birds banged out five runs in the first inning and held off later Cub uprisings in that 7-6 triumph for the Birds. Compton and Rhea each got two hits for the Early Birds.

The Whiz Kids and C Shift scored in almost every time at bat, but the Kids got there fastest with the mostest. Ernie Collins hit a bases-full homer and brother J. D. Collins a solo blast in his three for six effort while Ernie

B Shift Anglers Set Two-Day Rodeo

The anglers of B Shift will stage their second fishing rodeo of the season from 3 p.m. today, Wednesday, June 4, to 7 p.m. tomorrow, Thursday, June 5. The two-day rodeo will be based at White's Creek Boat Dock on Watts Bar Lake. Prizes will be awarded the fishermen with the biggest fish caught during the event.

Eagles Fly High In Harriman Loop

After five rounds of play in the Harriman Golf League for Union Carbide Nuclear Company players in that area, the Eagles had an 18-2 mark to hold first place. Two Oak Ridge National Laboratory players topped the scratch scores for the fifth match with B. Isham turning in 34 and Bill Martin 39. Bill Hamill, of Y-12, had 40.

League standing follows:

| Team | W | L |
|---------------|-------|--------|
| Eagles | 18 | 2 |
| Slicers | 14 | 6 |
| Par Busters | 12 | 8 |
| Hawks | 11 | 9 |
| Grass Cutters | 9 1/2 | 10 1/2 |
| Duffs | 7 1/2 | 12 1/2 |
| Sod Busters | 5 1/2 | 14 1/2 |
| Hookers | 2 1/2 | 17 1/2 |

Orrison-Thomson Grab League Lead At Oak Ridge

Bob Orrison and Jack Thomson boosted their lead in the Oak Ridge Golf League for Y-12 players last week by whitewashing Oxford-Collins for six points. Speas-Cabe jumped into second place by defeating Ratjen-Snyder by five and McLendon-Mee into third by blanking Taylor-Lockhart. Another six-point win was posted by Dehoney-Buckminster over Boyd-Oliphant. Other five-point triumphs were Kahley-Evans over Youngblood-Gilcrease, Gambly-Hamill over Davis-Arrowood and Bartholomew-Smith over Stroud-Tiller. In the four-point victory group were Holzkecht-Peckman over Anderson-Nichols, Underwood-Shatley over Emlet-Hines, Whitehorn-Brown over Wallace-Patterson and Pletz-Roberts over Hopkins-Belvin. True-Kennedy split even with Mitchell-Tibbatts at three points each.

Dehoney and Boyd each had 40 to tie for low scratch score. Kahley and Shatley tied at 43. In order, those four had handicap scores of 30, 34, 33 and 32.

League standing follows:

| Team | W | L |
|----------------------|----|----|
| Orrison-Thomson | 31 | 11 |
| Speas-Cabe | 28 | 14 |
| McLendon-Mee | 27 | 15 |
| Stroud-Tiller | 26 | 16 |
| Holzkecht-Peckman | 26 | 16 |
| Underwood-Shatley | 26 | 16 |
| Kahley-Evans | 26 | 16 |
| Davis-Arrowood | 24 | 18 |
| True-Kennedy | 24 | 18 |
| Gambly-Hamill | 24 | 18 |
| Emlet-Hines | 21 | 21 |
| Dehoney-Buckminster | 21 | 21 |
| Oxford-Collins | 20 | 22 |
| Ratjen-Snyder | 20 | 22 |
| Wallace-Patterson | 20 | 22 |
| Whitehorn-Brown | 20 | 22 |
| Anderson-Nichols | 18 | 24 |
| Pletz-Roberts | 18 | 24 |
| Bartholomew-Smith | 18 | 24 |
| Boyd-Oliphant | 17 | 19 |
| Mitchel-Tibbatts | 14 | 28 |
| Hopkins-Belvin | 13 | 29 |
| Taylor-Lockhart | 9 | 33 |
| Youngblood-Gilcrease | 7 | 35 |

had a perfect night with three for three. The Collins brothers formed the battery for the Whiz Kids against the Slow Pokes for the 13-4 win. The victors had only six safeties but took advantage of opposition errors.

C Shift broke into the win column with their 17-3 win over the Engineers with bases on balls causing a lot of trouble for the losers, 10 being issued by two pitchers. Two of the Engineer runs came on homers by Bailey and Boucher.

Line scores and league standing follows:

| Team | R | H | E |
|--|-----|-----|---------|
| Early Birds | 100 | 12x | 4 3 2 |

Gatlinburg Course Scene Of Third Y-12 Meet June 28

Strict Starting Time To Be Observed So Play Can Be Speeded

The third Y-12 Plant Golf Tournament of the 1958 season will be played at the sporty course of the Gatlinburg Golf and Country Club on Saturday, June 28. Another big throng of entrants is expected to be on hand to compete for the 40 prizes of varied number of golf balls offered low scratch and handicap scorers and for the most number of pars posted for the 18 holes of the tournament. Play will begin at 9:30 a.m. and the green fee is \$3.

To Expedite Tournery Play

To expedite the tournament play, the same system of starting that proved so effective at the recent Deane Hills competition will be in effect. The starting times will be arranged by the Recreation Department, which will form a schedule as close as possible to the requests of the players. Play will be in groups of four and a representative of each foursome is asked to communicate with the Recreation Office, plant phone 7751, as far as possible before the tournament to obtain their starting time. All players are urged to be at the course and ready to start 10 minutes before their assigned starting time. Any foursome not ready to tee off at its starting time will be placed at the bottom of the starting list.

Y-12ers are again urged to observe all rules of golf etiquette and courtesy in the Gatlinburg tournament. No player should move, talk or stand close to another player preparing to shoot. Slow four-somes or golfers hunting lost balls should allow players behind them to pass through. Players should leave putting greens immediately on completing a hole. All divots should be replaced immediately and care taken not to damage greens by dropping bags or flagsticks.

Golfers will be divided into four divisions in this tournament in the same manner as in past events. Division play will be based on handicaps to be given by the official starter at beginning of play and after everyone had teed off one quarter of all entrants will be placed in each division. Prizes will be given for the low four scratch and handicap scores in each division as well as for the most and second most number of pars.

Lenoir City Golf Loop Race Tightens

The race in the Lenoir City Golf League for Y-12ers really tightened up as a result of the last reported week of play with the Kinkaid-Hicks duo having a one-half point edge after taking two points from Stinnett-Ware. W. E. Loveless-Houston knocked Henck-Clabough out of the top spot with a three-point whitewash and the L. R. Loveless-Webster took two from the Gilliam brothers. Collins-Watson tied with Thompson-Rogers and one and one-half points each and Spradlin-Knott got three by forfeit from Raper-Redding, who have withdrawn from the league.

L. E. Kinkaid, M. F. Gilliam and W. E. Loveless tied at 43 for low scratch scores while the latter posted a 35 for low handicap.

League standing follows:

| Team | W | L |
|------------------------|--------|-------|
| Kinkaid-Hicks | 11 1/2 | 3 1/2 |
| Henck-Clabough | 11 | 4 |
| Gilliam-Gilliam | 11 | 4 |
| Stinnett-Ware | 8 1/2 | 6 1/2 |
| Spradlin-Knott | 7 | 8 |
| Collins-Watson | 7 | 8 |
| W. E. Loveless-Houston | 6 1/2 | 8 1/2 |
| L. R. Loveless-Webster | 6 1/2 | 8 1/2 |
| Thompson-Rogers | 6 | 9 |

Two Y-12ers To Give Papers At Meeting

Sladsky And Fultz On New Orleans Program

Two Y-12ers in the Engineering Physics Section of the Development Division will be on the program at a committee meeting of the American Society for Testing Materials this week. The group is the society's committee on mass spectrometry. The session is being held in New Orleans June 2-6. The Y-12ers on the program will be Richard E. Sladsky and Chester O. Fultz. The former has prepared a solo paper on "A Mass Spectrometer Surface Ionization Source for use With a Vacuum Lock." This paper was scheduled to be given at a Monday meeting. Sladsky and Fultz collaborated on another paper entitled "Heterogeneous Magnetic Field Mass Spectrometer," scheduled for Wednesday.

Huskiison-Wilburn Lose First Match

Gene Huskiison and Bill Wilburn finally lost their first match of the season in the Y-12 Golf League at Whittle Springs in Knoxville, being beaten by Brice Burris and A. L. Sawyer for two points, but the losers still held first place in the circuit. Three-point whitewash victories were posted by Perry-Leach over Bishop-Erwin, Hackett-Petretzky over Emery-Brockmeier and Trebilcock-Butler picked up three points from the defunct Hudson-Yelton team. Troutman-Cook got a two and one-half point win from Rice-Norris and Kovach-Breman beat Hilton-Peterson by the same edge. Galle-Bailey topped the Schappel brothers by two points.

Bill Hackett poked only nine putts on nine holes, having two on No. 7 but balancing that by holing a chip shot on the next hole for a birdie from around 40 feet away. Perry had low individual scratch and handicap scores with 39-31 and the Perry-Leach team the best twosome scores of 79-66.

League standing follows:

| Team | W | L |
|-------------------|--------|--------|
| Huskiison-Wilburn | 15 | 3 |
| Perry-Leach | 12 1/2 | 5 1/2 |
| Hackett-Petretzky | 12 | 6 |
| Galle-Bailey | 12 | 6 |
| Burris-Sawyer | 11 1/2 | 6 1/2 |
| Rice-Norris | 10 | 8 |
| Troutman-Cook | 9 1/2 | 8 1/2 |
| Trebilcock-Butler | 8 1/2 | 9 1/2 |
| Emery-Brockmeier | 8 | 10 |
| Kovach-Breman | 7 1/2 | 10 |
| Bishop-Erwin | 7 | 10 1/2 |
| Hilton-Peterson | 6 1/2 | 11 1/2 |
| Schappel-Schappel | 4 | 14 |
| Hudson-Yelton | 1 1/2 | 16 1/2 |

Rides Wanted, Offered

Want to join car pool from West Haven Village, Knox County, to West Portal, straight day. B. L. Bagwell, plant phone 7-8434, home phone Knoxville 2-0603.

Ride wanted or will join car pool from Gravelton, Knox County, to any portal. H Shift. F. E. Wright, plant phone 7074, home phone Knoxville MY 1-6328.

Bissell Will Preside At Hall Dedication

Continued from Page 1

Fred W. Ford, director Community Affairs Division, AEC; and others. Several organizational moves to new quarters to be brought about by completion of the Oak Ridge Municipal Building have been announced by Fred W. Ford, of the Atomic Energy Commission.

The Commission's Community Affairs Division will move from the City Administration Building to Management Service, Inc., (MSI) Building No. 1. No AEC personnel will move to the new municipal building.

UCNC Offices To Move

Union Carbide Nuclear Company departments presently located in Clayton Hall will move to the City Administration Building.

MSI departments that are of a continuing municipal type will be moved from the City Administration, MSI and Police Buildings to the new municipal building. These will include initially health, welfare, recreation, police and the fire department headquarters. MSI billing and collection departments for utilities and municipal services are expected to move to the new building after residential rent collection functions have ceased.

Council To Have Quarters

Also to be quartered in the new municipal building will be offices of the Oak Ridge Town Council and the Oak Ridge Regional Planning Commission. Trial Justice Court of Anderson County will be held in the new courtroom instead of at the present Police Department Building.

Oak Ridge Utilities District will refurbish and occupy the present Police Department Building under a recently-signed lease agreement.

Get well wishes are extended the following Y-12 employees who were patients in the Oak Ridge Hospital last week:

W. M. Turner, Production Inspection; Jean Vaughan and B. F. Porter, Process Maintenance; W. R. McClellan, Chemical; John A. Coston, Garage; John E. Barton, General Machine Shop; C. O. Henderson, Beta Two; J. E. Holbert, Mechanical Maintenance; N. L. Derryberry, Electrical Maintenance; Charles Guinn, Janitors.

POPULAR DISHES OFFERED ON SOCIAL LUNCHES

Popular dishes have been announced to be served on the 50-cent Special Lunches at the Y-12 cafeteria tomorrow, Thursday, June 5, and again Tuesday, June 10. The entree on tomorrow's Special Lunch will be creamed chipped beef on toast. On next Tuesday American chop suey with steamed rice will be offered. Each Special Lunch also includes one vegetable, choice of salad or desert and rolls and butter.

the marriage of his daughter, Barbara (see The Bulletin next week) . . . **Ronnie Austin** was positively provoked the other day when he was working with an inked stamp pad — and didn't have a spare pair of pants.

MECHANICAL OPERATIONS

The General Machine Shop is just spewing vacationers . . . **Alexander Berry** is entertaining his brother-in-law, Sylvester Stevens, from Detroit, with a fishing foray on Norris Lake . . . The **F. E. Shipleys, Sr. and Jr.**, are in Daytona Beach visiting an old friend of the family, W. C. Wilson . . . **C. E. Holt** is visiting a brother, Dudley, in Morristown . . . **M. H. Golson** trotted to Texas — Dallas and Houston . . . **W. J. Hatcher** flew his own plane to Greensboro and Morehead City, N. C. . . . **Guy L. Tate** went over to Kentucky Lake for the fishing . . . **E. E. Burns** is injun hunting in Texas and New Mexico . . . **Tom Howard** is off for three weeks at Cleveland, Ohio, visiting a son . . . **J. W. Cantrell** took off for St. Petersburg, Fla. . . . **Jessie N. Greer** is seeing kin folks in Mississippi . . . **J. F. Harvey** is in Virginia visiting a son . . . The Florida West Coast was inspected last week by **C. A. Stanaland** . . . Closer to home are **Jack L. Williams** down the road a bit at Karns . . . **E. M. Neal** is at Clinton . . . **J. F. Powell** is at home in Fountain City with a fishing trip to Fontana on the agenda . . . Fishing also is planned by **Clyde L. Hill** at Watts Bar Lake from his cabin . . . **George Carter** is at home in Powell . . . **Lester L. Love** is touring the fishing holes . . . At home in Knoxville are **W. D. Newman**, **M. C. Neeley**, **Earl Fritts**, **F. E. Cox**, celebrating the homecoming of his son from the Navy; and **R. M. Chapman** . . . **Ed Hargis** is dividing time between Lenoir City and Cumberland Gap, Ky. . . . Those not getting out of Oak Ridge include **E. L. Pemberton** and **Clyde H. Drummond** . . . **E. R. "Shorty" Easterday** is over at Powell and **R. E. Lively** at Coalfield . . . **L. A. Michaels** spent last week moving from Clinton to Oak Ridge . . . **L. B. Morrow** was touring Georgia, Florida and Alabama last week . . . **G. A. Tedder** is welcomed back after a long illness and rapid recovery wishes are extended sick folks **J. E. Barton**, **Herman J. Powell**, **R. C. Winfree** and **Don Pitt**.

Correspondant **Tim Watt's** "Sin-flower" Shop has **W. R. Coats** vacationing with his son at Englewood, Fla., deep sea fishing . . . **C. A. Hooper** went to Oxford, Miss. . . . **B. W. Houchin** is 'way out in Numa, Ariz. . . . **N. B. Bloomer** liked Virginia . . . **G. L. Lambert** stayed at home in Lenoir City . . . **S. A. Morton**, **C. M. Cheek** and **W. C. Gordon** went to Florida . . . Daytona Beach drew **J. A. Williams** . . . **J. J. Winslett** beat it down to Bessemer, Ala. . . . **H. Whaley** stayed at home in Knox County and **J. F. Griffith** at Lansing, Tenn. . . . **J. B. Loy** is catching up on his fishing . . . Get well wishes are sent **Fred Jones**.

Tool Grinding and Machine Maintenance sends get well wishes to **J. H. Oldham**, **C. F. Chappie** and **F. Helegsen** . . . also to the daughter of **B. W. West** . . . **W. Chambers** is spending some time fishing around Onedia . . . **O. R. Garmon** is dividing time between Hot Springs, Ark., Hugo, Okla., and Marshall, Tex. . . . **V. C. Hallmark** is at his farm near Arab, Ala. . . . **R. F. Long** is attending a ship reunion at Norfolk, Va.

home from a visit from Kansas City, Mo., who is planning to train for foreign missionary work in a Springfield, Mo., school . . . **Greta Luallen** is ill at home in Clinton with a swell case of mumps—get well wishes go her way . . . Congratulations to **B. G. Worthington** and the missus on the birth May 24 of a son, named David and weighing eight pounds.

C. K. King, Alloy Shop, will move into his new home near Clinton this week . . . **D. D. Keith** staged a long week-end fishing trip to Dale Hollow . . . **L. A. Smith** is welcomed back after being away sick for a few weeks.

ALLOY
Joe Ailey, Alpha Five, is hopefully fishing at Watts Bar Lake . . . **Paul Meredith** is in Daytona Beach . . . **C. C. Verboom** and **A. R. Moore** are at home in Karns . . . **B. H. Norman** is working on his house at Solway . . . Condolences are extended **Brad Napier**, whose brother died recently . . . Just back and still full of vacation talk are **W. C. Hatmaker** from Cumberland Falls, Ky., and **A. R. Rutherford** from his home on Bakertown Road, Knox County.

FINANCE AND MATERIALS
Mail Room man **Oral Hartman** is spending a week at home in Solway.

Ellen Hughes, Property, is at home hoeing tomatoes . . . **Emma Puckett** week ended at her Old Kentucky Home at Shelbyville . . . **Joe McMaster** is visiting his son, Bill, in the Army at Ft. Jackson, Columbia, S.C.

B. N. "Buzz" Strunk, Materials, his wife, Ann, a former Y-12er, and family are taking a couple of weeks off — fishing, of course — and also visiting relatives in Lexington, Louisville and Maysville, Ky. . . . **Leon Brown** is just taking it easy at home at Clinton.

SHIFT SUPERINTENDENTS AND UTILITIES
Head man **Ken Bernander**, of A Shift, is vacationing at home in Oak Ridge.

Utilities had the **J. L. Finchum** family vacationing in Ohio and Illinois . . . **J. A. McLain** ambled down to Alabammy . . . Get well wishes are rushed **F. D. Robinson**, injured recently in an automobile mishap.

INDUSTRIAL RELATIONS
Ann Rackley, Security, accompanied by hubby, **Otis**, General Machine Shop, and family are delegates to the Y-12 assemblage in Daytona Beach. **Greta Allen** and husband, Art, week ended in Chattanooga.

Floyd "All Up" Shook, Safety, is visiting his daughter, Mrs. Glenda Deal, in Whiting, Ind., and taking his granddaughter, Kris, back to Mamma . . . **Mollie Hatfield** is welcomed back after a vacation in Harriman and points North.

Fes Lowry, Plant Protection, is out for some fish slaying over at Centerville, Tenn.

From the Boys in Blue and Gray of the Fire and Guard Departments comes word that **Capt. Dave Turner** is up around Pennington Gap, Va., helping his folks till the soil . . . **Lieut. R. G. Perkins** is over in Wartburg . . . **R. E. Lewis** is busy fixing up his new home . . . **E. A. Bellamy**, looking chipper as ever, was welcomed back to his "pulpit" in Bldg. 9704-2 last week . . . "**Liz**" Campbell, the blonde bombshell and special agent for the Colyum, week ended in Memphis — down by the river-side.

CHEMICAL
The Chemical Department sends best wishes along with co-opper **G. K. Sharpe**, leaving Friday to resume studies at the University of Tennessee . . . Get well wishes

Y-12ers Determined To Keep Mark Clear

Continued from Page 1

worked without a lost time accident from July 30 through November 19.

Since 1947, a total of 51,158,723 man-hours of accident-free operations had been worked in the Y-12 Plant, as of Friday, May 23. That, of course, does not include the many other safely-worked hours in periods that did not reach the 1,500,000 mark.

With no injuries yet charged on the blackboard in the Y-12 Safety Office this year — every SACNC employee in the Y-12 Plant Area is urged to continue to work safely, think safety and keep the slate clean.

go to **W. R. McClellan**, who recently underwent surgery . . . Memorial Day week ended included **J. P. Wood** and family in Stevenson, Ala., **W. B. Crowder** on a fast trip to Florida, **Paul Petretzky** and family in Canton, Ohio, to visit his mother, **Ellis** and **Nathan (ORNL) Stonecipher** in Cincinnati, **June** and **Hudson (ORNL) Sherrill** with her folks in McMinnville, Tenn. . . . **Frank Adams** is vacationing in Atlanta and other Dixie points . . . **Jo Ann** and **Ed Isham** are going to New York to visit her sister and brother-in-law.

MAINTENANCE

Clarence Greener McQueen, Buildings and Grounds, is down in Dublin, Ga., for a vacation and vows to bring back some of them there Georgia folks to Tennessee to learn modern plowing procedures . . . It is regretted that the name of **Douglas Walters**, son of **J. N. Walters**, was omitted from that list of Oak Ridge High School graduates a couple of weeks back — every effort was made to have the list as complete and accurate as possible.

P. E. Clifton, Research Services, is the Proud Pop of a baby girl — no further statistics — and is taking a week off to become better acquainted . . . **M. W. Moore** has a new grandson to talk about . . . **W. R. Carver** is basking in Florida sun.

Process Maintenance is sending lots and lots of get well wishes around . . . First to **Jean Vaughan**, recovering from horse trouble (she fell off) . . . Also to the wife of **Charlie Gaut**, ill in Baptist Hospital, Knoxville . . . And to **E. C. Barnes**, out for some time ill . . . Likewise to **Archie Thomas**, brother of **Barbara**, lady newshound of the department . . . **Barbara Thomas** also is acting her role as "auntie" again by entertaining her sister, Mrs. Edna Beavers, and two sons, from Pine Bluff, Ark. . . . **W. F. Sharp** kept his record clear of not missing one of those Indianapolis, Ind., Memorial Day automobile races for 23 years . . . **C. H. Miller** is at home in New Market this week and attended Carson-Newman College graduation exercises for his wife, who received her B. S. Degree . . . **R. L. Wolfenbarger** is at home in Inskip . . . **Q. F. Mullins** is farming up around LaFollette . . . **R. H. Bacon** is fishing and water skiing at Center Hill and Watts Bar Lake . . . **B. T. Fox** is to visit relatives at Morristown and hopes to land a big blue catfish in the Nollachucky River — and may sleep (?) with a 'bar in the Smokies . . . **S. P. Kester** is deep sea fishing and sightseeing in Florida . . . **D. C. Lambert** is in the same state at Pensacola . . . **A. D. Dean** is at the other end of the Sunshine Territory — Miami — to visit in-laws . . . **H. G. Watkins** went to Durham, N.C. . . . **E. D. Hill** is visiting Gatlinburg . . . **H. W. Green** is touring North Carolina.

Then there's the vacationing wife on a fishing trip who asked her husband:

"Have you another cork, dear? This one keeps sinking."

Well, that sinks it for this time — so long.
